

# THE BENEFITS OF OSA

The Organization of Staff Analysts Welfare Fund provides a range of benefits to members and retirees, including vision, dental, superimposed major medical, long term disability and basic life insurance.

On Thursday, October 24, 2019, the OSA benefits team, will present an overview of your Welfare Fund benefits and how to access them. There will be time for questions as well. In addition, presenters will cover voluntary benefits available to you, including short term disability insurance and additional term life insurance coverage. Among the topics the session will cover are:

- **Dental.** What's covered when you see a participating dentist? How about a non-participating provider? What orthodontic coverage do you have? What implant-related services are covered?
- **Optical.** What's covered when you see a participating optician? What happens if you go to a non-participating provider? How about laser vision correction and glasses for use with computer work?
- **Long Term Disability.** What payments will be made? What impact does age have on benefits?
- **Life Insurance.** How much free coverage do you get? How can you purchase additional coverage?
- **Survivor & COBRA Benefits.** What happens to your benefits when you die or become disabled?
- **Superimposed Major Medical.** What's available in this supplement to your basic health plan?
- **Drug Plan Reimbursements for Medicare-eligible retirees.** How much will you receive, and when?
- **Young Adult Dependent Coverage.** Who is eligible and how do you sign up?
- **Appeals.** How do you appeal an adverse decision on coverage to the Welfare Fund trustees?

So if you are new to the union or an active or retired member with questions about any of the benefits available to you, join us for what promises to be an informative session
