For well over 100 years, the weekly civil service newspaper, *the Chief-Leader* has covered all of the issues that affect us as civil servants, each and every week, in-depth. The leadership of the Organization of Staff Analysts has always been a big supporter of *the Chief-Leader*. We believe its coverage of public sector union issues, civil service examinations and other matters of vital importance to civil servants has always been exemplary.

Reading *the Chief* is virtually a requirement for all civil servants who wish to stay on top of the news affecting them. Unlike the print dailies and most other mainstream news sources, *the Chief-Leader* actually respects the civil service as a concept and civil servants as workers and individuals.

OSA has been making available **FOR FREE** a subscription to the digital version of *the Chief-Leader* to any **voluntary OSA member (and more recently to any retiree)** who requests a subscription. (We will not send the newspaper to your work email address.) Members of OSART, our related professional association, and those who are not full dues-paying members are not included in this offer.

If you are an active dues-paying OSA member or retiree who has not been receiving the *E-Chief* and would like to, please fill in the information below and mail this coupon back to the union, fax it to 212-686-1231 or scan and send it by email to osachieffer@osaunion.org. Please note: If you are an OSA retiree who requested the *E-Chief* earlier in 2020, you do not have to request it again. We have been backlogged in processing those requests and hope to clear that backlog shortly.

I AM AN OSA MEMBER/RETIREE AND I WANT TO RECEIVE THE CHIEF LEADER WEEKLY BY EMAIL
