

WWW.OSAUNION.ORG - A Short Overview

Since 1997, OSA has communicated with members on the Internet at www.osaunion.org. Here, we provide a short overview of the sections of the website and the information and resources you can find there. If you have suggestions for other types of information that you think union members would find useful on an ongoing basis, email OSA Director of Media Services Rob Spencer at webmaster@osaunion.org.

The Main Page (pictured right) is the gateway to the site. Click on the buttons on the left to go to the section that is relevant to you. Subscribe to periodic emails from the union by using the big blue button.

OSA Intro Video: The union put together a 12 minute video overview of its history and mission in 2010. The video introduces OSA's departments and functions.

OSA Photo Gallery: Slide shows of the union's events and activities are available for your viewing. The photos are posted on the website Flickr and are organized by the month and year in which the event occurred.

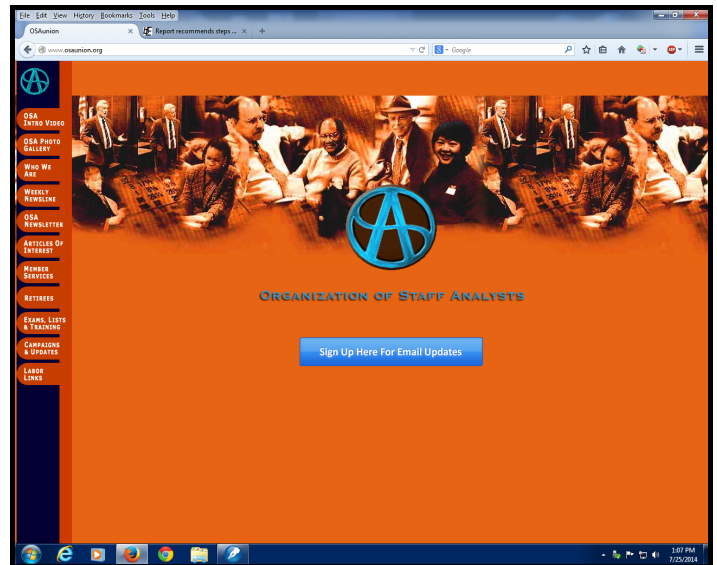

Who We Are: A brief introduction to the union and its mission, this page includes a list of current OSA and OSART (our affiliated professional association) board members.

Weekly Newslines: Providing current "breaking news" of interest to analysts, this section is updated weekly most of the year, and every two weeks during slower news periods. Starting in January of 2017, you can play an MP3 audio file of the weekly phone hotline message as well.

OSA Newsletter: In-depth news and information for analysts, updated on a (usually) monthly or bi-monthly basis.

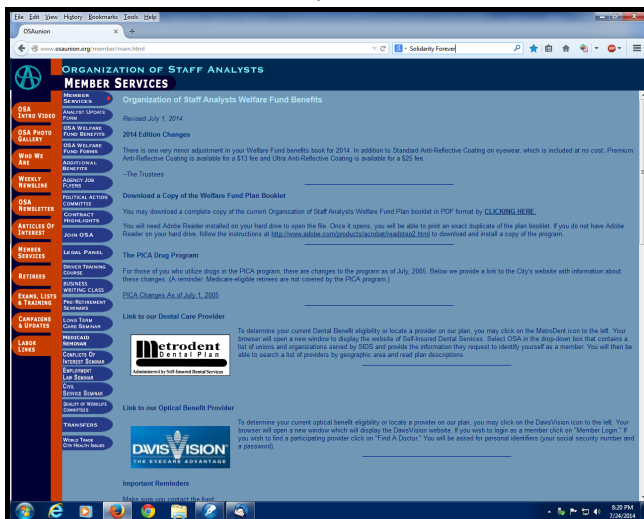

Articles of Interest: We post articles from the mainstream and alternative press that we think may be of interest.

Retirees: The Organization of Staff Analysts' Retirees Club has its own web section. Formed in 1992, OSARC began with five members and has grown to 1600 members in 2018. Monthly OSARC meetings bring speakers of special interest to the membership. OSARC has a monthly newsletter sent on an introductory basis to all newly retired union members, and then to those members who have paid their OSARC dues. Other forms of interest to retirees are posted here as well.
