

Keep New York Working!

Rally with DC 37 for a Fair Contract NOW!

**Wednesday,
October 29th
5:00 to 7:30 p.m.**
City Hall (Broadway/Park Place)

At our April rally, DC 37 members and other city workers stood up for New York to:

- Stop Mayor Bloomberg's doomsday budget cuts.
- Save libraries, zoos, museums, schools and vital city services.
- Keep our city running in good times and bad.
- Show we care about communities citywide.

Yet Mayor Bloomberg wants to:

- Force a smaller workforce to work longer hours.
- Take back our hard-won contract gains.
- Contract-out city jobs to costly consultants and private firms.

Join us on October 29th

**Tell Mayor Bloomberg that we deserve better.
City workers deserve a Fair Contract NOW!**

DC 37 says **Enough Is Enough**. Public employees have stepped up again and again to keep New York working through every emergency — from September 11th to budget cuts to this summer's massive power failure.
