Aetna Medicare is a PPO, plan with a Medicare contract. Enrollment in our plans depends on contract renewal. Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services. The provider network may change at any time. You will receive notice when necessary. Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.
