# How Medicare works

Medicare is a federal government health insurance program offered to people 65 years of age or older, people under age 65 with certain disabilities and anyone with end-stage renal disease (ESRD) or amyotrophic lateral sclerosis (ALS), also called Lou Gehrig's disease.

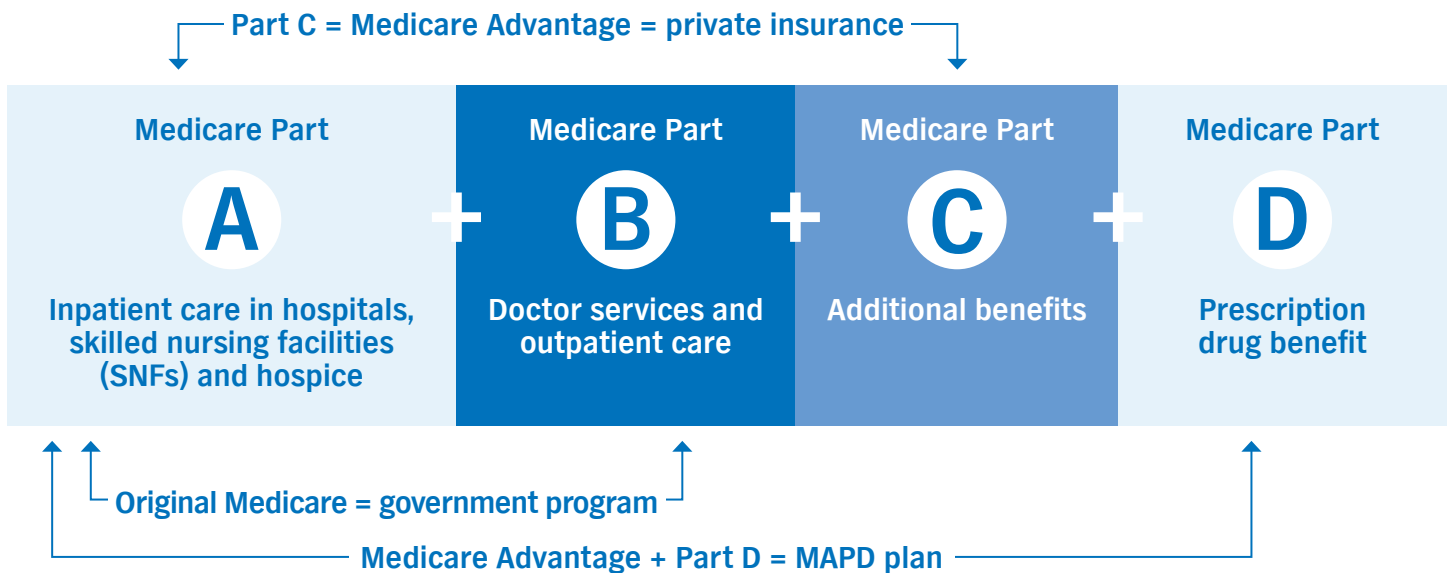

## The A-B-C-Ds of Medicare

You may have heard about the different parts of Medicare. Here is a quick look at what they mean to your medical coverage:

✓ **Medicare Parts A + B** = Original Medicare, the government program.

✓ **Medicare Part C** = Original Medicare + additional benefits. Part C is also called Medicare Advantage (MA).

✓ **Medicare Part D** = The prescription drug benefit.

Please visit [www.medicare.gov](http://www.medicare.gov) to learn more about Medicare and find more ways to maximize your benefits. You can also contact Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, seven days a week. TTY users, call **1-877-486-2048**.

# How is Medicare Advantage different?

This plan is a Medicare Advantage preferred provider organization (PPO) plan.

Medicare Advantage is a Medicare Part C plan. That means it is a Medicare plan offered by a private insurance company. Empire BlueCross BlueShield Retiree Solutions (Empire) and EmblemHealth are the private insurance companies that manage this plan.

Medicare Advantage offers more than Original Medicare. Original Medicare covers Part A (hospital benefits) and Part B (doctor and outpatient care). Medicare Advantage covers both Parts A and B, and more. See examples in the chart below.

Overview	Original Medicare	MEDICARE ADVANTAGE
Copays and coinsurance	20% coinsurance for common services such as outpatient surgery and health visits	<b>Copays are used more often than coinsurance to help make cost share amounts simple and transparent.</b>
Emergency care when traveling outside the U.S.	No coverage when traveling outside the U.S.	<b>Emergency care is provided when traveling outside the U.S.</b>
Annual out-of-pocket maximum (or Max OOP) is the amount members pay each year	There is no maximum amount members will pay annually	<b>After the Max OOP is met, the plan pays 100% of covered costs for the rest of the plan year.</b>
Additional benefits	Not offered	<b>This plan gives you access to:</b> <ul style="list-style-type: none"> <li>◦ 24/7 NurseLine</li> <li>◦ SilverSneakers</li> <li>◦ LiveHealth Online</li> </ul>

**Note:** Not all medical costs are included or subject to the annual out-of-pocket maximum. For more details and what services are covered by this plan, please see the *Summary of Benefits* included in this guide.

# Frequently asked questions

## Whom can I call if I have questions about this plan?

Call the **NYC Medicare Advantage Plus Welcome Team** at **1-833-325-1190**, TTY: **711**, Monday to Friday, 8 a.m. to 9 p.m. ET, except holidays.

## What is a deductible?

When applicable, a deductible is the amount of money you pay for health care services before your plan starts paying. After you reach your deductible, you will still have to pay toward your cost share for services. Certain plans have no deductible and will cover your health care services from the start. Other services will be covered by your plan before you reach the deductible. For more details, please see the *Summary of Benefits* included in this guide.

## What is a copay?

When applicable, a copay is a fixed dollar amount that you pay for covered services. A copay is often charged to you after your appointment.

## What is coinsurance?

When applicable, coinsurance is the percentage of a covered health care cost that you would pay after you meet your deductible, while the plan pays the rest of the covered cost. If you have not yet met your deductible, you pay the full allowed amount.

## What is a primary care provider (PCP)?

A primary care provider (PCP) is a general practice doctor who treats basic medical conditions. Primary care doctors do physicals or checkups and give vaccinations. They can help diagnose health problems and either provide care or refer patients to specialists if the condition requires. They are often the first doctor most patients see when they have a health concern.

Note: This plan does not require you to select a PCP or require referrals to see a specialist.

## What is an annual out-of-pocket maximum (or Max OOP)?

One feature of Medicare Advantage is the Max OOP. It is the maximum total amount you may pay every plan year for your covered health care costs, including copays, coinsurance and deductibles. Once you reach the Max OOP, you pay nothing for your covered health care costs until the start of the next plan year. Not all medical costs are included or subject to the annual out-of-pocket maximum. To learn more details and what services are covered by this plan, please see the *Summary of Benefits* included in this guide.

## How is inpatient care different from outpatient care?

Inpatient care is medical treatment that is provided when you have been formally admitted to the hospital or other facility with a doctor's order. If you are not admitted with a doctor's order, you may be considered an outpatient, even if you stay in the hospital overnight. Outpatient care is any health care services provided to a patient who is not admitted to a facility. Outpatient care may be provided in a doctor's office, clinic or hospital outpatient department.

## What are preventive care and services?

Preventive care and services help you avoid an illness or injury. Common examples of preventive care are immunizations and an Annual Wellness visit. Any screening test done in order to catch a disease early is considered a preventive service. Advice or counseling, such as nutrition and exercise guidance, is also an example of preventive care and services.

## Before enrolling, what do I need to provide my group sponsor?

To ensure a smooth enrollment, make sure your group sponsor has your most up-to-date information and that it matches your Social Security information.

# Your doctor, your choice — nationwide

## How National Access Plus works

- **Convenience** — see any doctor, provider or specialist who participates in Medicare.
- **Your copay or coinsurance remains the same** — whether in or out of this plan's provider network, your cost share doesn't change.
- **Your benefits and coverage won't change**, locally or nationwide, in or out of network, giving you added value.

## What if a doctor or other provider says they don't accept this plan?

In the rare instance where a provider that accepts Medicare tells a retiree they will not accept payment from the NYC Medicare Advantage Plus Plan, the retiree should first contact the concierge service that will be provided, so that the plan can work with the provider to make sure they understand it is the same payment schedule and billing protocol, and answer any questions the provider may have. If, despite that effort, the provider still refuses, the member can pay the provider and then submit the claims to the plan for reimbursement. So long as the service is a Medicare-covered benefit and the Medicare fee schedule is followed, the member will only be responsible for his or her copays/coinsurance as defined by the plan.

See any doctor, provider or specialist who participates in Medicare.

## What is the alliance between Empire BlueCross BlueShield Retiree Solutions and EmblemHealth?

Empire and EmblemHealth have come together to create a new, customized, fully insured group Medicare Advantage program for the City of New York. You'll still have the same health plans you know and trust, and the same providers you have always seen. We have also simplified your experience into one plan with one membership card.

**Note:** You may receive communications that do not have the City of New York or EmblemHealth logos and/or name; they may only contain the Empire BlueCross BlueShield Retiree Solutions brand name and/or logo. Members may also receive communications from EmblemHealth that only contain the EmblemHealth brand name and/or logo.

### Enrollment tips:

- If you use a P.O. Box, please provide your physical address when enrolling in the NYC Medicare Advantage Plus Plan. This is a Centers for Medicare & Medicaid Services (CMS) requirement to ensure that you receive member materials as soon as possible.
- To enroll in this plan, a member must be enrolled in Medicare Part B and must maintain Part B enrollment in order to avoid disenrollment.

Always be on the lookout for letters from NYC Medicare Advantage Plus to ensure that your enrollment has been processed correctly, or in the case that CMS needs to verify any information that you provided. If you receive any letters from NYC Medicare Advantage Plus asking for more information, please respond as soon as possible so that your medical coverage is not disrupted.

### Coordination of Benefits (COB) letter

If we receive Coordination of Benefits (COB) information from CMS, we are required to send a letter to you requesting verification of the other coverage information. The benefit verification letter we send will include information from CMS, including any other coverage that needs to be verified. Separately, we could receive COB information from other reporting sources in addition to CMS.

### You may receive a COB letter in these situations:

- If the information is not correct in the letter, you can call Member Services or you can fill in the correct information on the letter and return it to the plan for processing.
  - If a response is not received within 21 days, the information on the letter is considered to be accurate.
- If the previous carrier does not notify CMS of the previous plan termination prior to the plan enrollment process, a COB letter could be triggered for the plan that was just terminated.

If you do not receive prescription drugs through your union welfare fund, or you do not currently have the high option drug rider you may purchase the prescription drug rider for the NYC Medicare Advantage Plus Plan. Per CMS regulations, if you choose not to take any Part D coverage, you may be subject to higher costs in the future.

*(See page 29 for additional information.)*

## Drug plan scenarios and NYC Medicare Advantage Plus coverage

SCENARIO	SOLUTION
If you purchase the High Option Rider through the City of New York	No concerns — you can have both plans
If you have union-sponsored Part D drug coverage	
If you have union-sponsored commercial drug coverage	
If you have an Individual PDP plan	Under CMS guidelines, enrollment in the NYC Medicare Advantage Plus Plan will result in disenrollment from an individual Part D plan for prescription drugs. If you have coverage from your union welfare fund for prescription drugs, but that plan has limited coverage, you may also buy the GHI Enhanced Medicare Part D Prescription Drug Plan (sometimes called the High Option Rider) as supplemental coverage.

# Online and mobile resources\*

# Prior authorization

## What is it?

Some types of care require your provider to get an approval from us before you receive care. This is called prior authorization.

## How does it work?

In-network providers who accept NYC Medicare Advantage Plus are required to ask for prior authorization before providing certain types of care, and once approved by Empire BlueCross BlueShield Retiree Solutions, the provider will only bill you for your applicable copay or coinsurance. If your provider doesn't ask for prior authorization when required, the claim will be denied. The provider CANNOT bill you for the treatment if they did not get prior authorization.

**Out-of-network providers** aren't required to ask for prior authorization. We encourage you to ask your provider to request it for you before you get care. Here's why:

- If the provider doesn't ask for prior authorization, Empire will review the claim after you've been treated.
- If the claim is determined to be medically necessary, we will process it according to the rules of your plan.
- If the claim is determined to not be medically necessary, we will deny the claim and let you know that you have the right to appeal the decision. The provider CAN bill you for the treatment.

Whether you see an in-network or out-of-network provider, if your provider does ask for prior authorization and it is denied:

- You will be notified. If you choose to continue with the treatment, you will be responsible for the cost.
- We will let you know that you have the right to appeal the decision.

*The important thing to remember is that you are not responsible for asking for prior authorization when you see an in-network provider. If you see an out-of-network provider, you can ask them to request it for you.*

## Whose responsibility is it to receive prior authorization?

It is the provider's responsibility to ask for prior authorization from Empire BlueCross BlueShield Retiree Solutions. You aren't responsible for asking for it when you see a provider that accepts NYC Medicare Advantage Plus.

## How do I know what services require prior authorization?

Please refer to the full benefits chart as part of the *Evidence of Coverage*, each service that requires prior authorization will have an asterisk (\*). Below is a brief list of most common services that require prior authorization.

- Inpatient hospital admissions
- Skilled nursing facility
- Rehabilitation, including physical, occupational and speech therapy
- Complex radiology – MRI, CT and PET scans
- Prosthetics/orthotics
- Transplants

## What you must pay for these covered services

### LiveHealth® Online

LiveHealth Online lets you see board-certified doctors and licensed therapists, psychologists, and psychiatrists through live, two-way video on your smartphone, tablet, or computer. It's easy to get started. You can sign up at [livehealthonline.com](https://livehealthonline.com) or download the free LiveHealth Online app and register. Make sure you have your plan membership card ready — you'll need it to answer some questions.

### Sign up for free

You must enter your health insurance information during enrollment, so have your plan membership card ready when you sign up.

### Benefits of a video doctor visit

- The visit is just like seeing your regular doctor face to face, but just by web camera.
- It's a great option for medical care when your doctor can't see you. Board-certified doctors can help 24/7 for most types of care and common conditions like the flu, colds, pink eye, and more.
- The doctor can send prescriptions to the pharmacy of your choice, if needed.<sup>1</sup>
- If you're feeling stressed, worried, or having a tough time, you can make an appointment to talk to a licensed therapist or psychologist from your home or on the road.
- In most cases, you can make an appointment and talk with a therapist<sup>2</sup> or make an appointment and talk with a psychiatrist<sup>3</sup> from the privacy of your home.

Video doctor visits are intended to complement face-to-face visits with a board-certified physician and are available for most types of care.

LiveHealth Online is the trade name of Health Management Corporation, a separate company, providing telehealth services on behalf of this plan.

<sup>1</sup> Prescription is prescribed based on physician recommendations and state regulations (rules).

<sup>2</sup> Appointments are typically scheduled within 14 days, but may vary based on therapist/psychologist availability. Video psychologists or therapists cannot prescribe medications.

<sup>3</sup> Appointments are typically scheduled within 14 days, but may vary based on psychiatrist availability. Video psychiatrists cannot prescribe controlled substances.

**\$0 copay** for video doctor visits using LiveHealth Online.

Deductible does not apply.

## Learn more about Medicare

If you're unclear on what Medicare is and how it works, refer to your current *Medicare & You* handbook. If you do not have a copy, you can view it online or download the booklet at [www.medicare.gov](http://www.medicare.gov), or you can order a printed copy by calling **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, seven days a week. TTY users, call **1-877-486-2048**.

**Service area:** All 50 states, Washington, D.C., American Samoa, Guam, Northern Mariana Islands, U.S. Virgin Islands, and Puerto Rico.

**Eligibility:** You are eligible for the NYC Medicare Advantage Plus Plan if you are enrolled in both Medicare Parts A and B. Most people qualify for Medicare at age 65. If you, your spouse/domestic partner, or dependent has certain disabilities and/or has end-stage renal disease (ESRD), you may qualify for Medicare before age 65.

While the *Summary of Benefits* does not list every service, limitation, or exclusion, the *Evidence of Coverage (EOC)* does. If you have questions or would like to request a copy of the *EOC*, please call the **NYC Medicare Advantage Plus Welcome Team** at **1-833-325-1190**, TTY: **711**, Monday to Friday, 8 a.m. to 9 p.m. ET, except holidays.

\* Some services that fall within this benefit category require prior authorization. Based on the service you are receiving, your provider will know if prior authorization is needed. This means an approval in advance is needed by your plan to get covered services. In the network portion of a preferred provider organization (PPO), some in-network medical services are covered only if your doctor or other in-network provider gets prior authorization from our plan. In a PPO, you do not need prior authorization to obtain out-of-network services. However, we recommend you ask for a pre-visit coverage decision to confirm that the services you are getting are covered and medically necessary. Benefit categories that include services that require prior authorization are marked with an asterisk in the Benefits Charts.

Out-of-network/noncontracted providers are under no obligation to treat plan members, except in emergency situations. Please call our Member Services number or see your *Evidence of Coverage* for more information, including cost sharing that applies to out-of-network services.

# EmblemHealth Medicare Part D Pharmacy Coverage

## GHI Enhanced Medicare Part D Prescription Drug Plan (High Option Rider)

If you currently purchase an individual, direct pay prescription drug plan (PDP), once you are enrolled in the NYC Medicare Advantage Plus Plan, you will be automatically disenrolled in that direct pay prescription drug plan. You will need to enroll in a new group prescription drug plan by April 1, 2022 – through your union or in the GHI Enhanced Medicare Part D Prescription Drug Plan (High Option Rider) – if you want to keep prescription drug coverage.

The **GHI Enhanced Medicare Part D Prescription Drug Plan (High Option Rider)** is a group prescription drug plan that is available to you. It is affordable and includes a broad network of pharmacies to receive your covered drugs. It also provides convenient options, like 90-day refills through retail pharmacies or Express Scripts Pharmacy mail order.

## Enrolling in a Part D Prescription Drug plan

To enroll in this **GHI Enhanced Medicare Part D Prescription Drug Plan (High Option Rider)**, you must opt in by completing the *City of New York Retiree Health Benefits Program Application Change Form (ERB)* and sending it to the Office of Labor Relations. If your union offers a group prescription drug plan, you must contact your union to enroll in the plan.

If you are currently enrolled with the optional rider you do not need to take any action. You will automatically be enrolled into the **GHI Enhanced Medicare Part D Prescription Drug Plan**. If you have a group prescription drug plan through your union, you may remain in that group plan.

## Prescription coverage overview

The **GHI Enhanced Medicare Part D Prescription Drug Plan (High Option Rider)** has three different periods of coverage. They include Initial Coverage, Coverage Gap and Catastrophic Coverage periods. As you spend money on covered drugs, you will move through these coverage periods and the plan will keep track of how much money you have spent out of pocket for covered drugs. Most people never meet their plan's Initial Coverage limit. Few enrolled in a Medicare drug plan will purchase formulary drugs with a high retail value that will push them into the Coverage Gap or maybe into Catastrophic Coverage.

(Prescription coverage rates appear on the following page.)

## Your rights, protections and Medicare options

As a Medicare beneficiary, you have many rights and options put in place to protect you as a consumer.

You have choices. As a Medicare beneficiary, you can choose between:

- The Original (Fee-for-Service) Medicare plan.
- A Medicare health plan like the one offered in this guide.

### You may have other options, too

The important thing to remember is that the choice is yours, keeping in mind that you may be able to join or leave a plan only at certain times. Please note that if you do not take your retiree benefits, it may affect other retiree benefits your group sponsor offers. No matter what you decide, you may still be eligible for the Original Medicare program.

### Geographic service areas covered by this plan

This plan offers coverage in our Centers for Medicare & Medicaid Services (CMS) defined geographic service area of all 50 states, Washington, D.C., and all United States territories.

### Your Medicare protections

The plan must offer Medicare benefits to you for a full calendar year at a time, although benefits and cost sharing may change from year to year. The plan provider can decide each year whether to keep offering Medicare Advantage plans, or whether or not to continue offering plans in specific geographic areas like yours.

Also, Medicare may decide to end our contract. But rest assured, even if this happens or if your plan is discontinued, you will not lose coverage.

If for some reason this plan is discontinued, we will send you a letter at least 90 days before your coverage ends explaining your options for Medicare coverage in your area.

For more information on the options and rights you have as a Medicare Advantage member with this plan, please contact our **NYC Medicare Advantage Plus Welcome Team** and ask for a copy of the *Evidence of Coverage (EOC)*.

## Information about Medicare

To help you make more informed health care decisions, we are providing this important information about Medicare to use as a resource. If you have any questions, please contact our **NYC Medicare Advantage Plus Welcome Team**.

### Pay your Medicare Part B premiums

Once you enroll in this plan, you must still pay your Medicare Part B premiums. If you don't, Medicare will terminate your coverage and then you may have to pay a late enrollment penalty if you decide to reenroll.

- The City of New York will continue to reimburse you for your Medicare Part B premiums.
- The City of New York will continue to reimburse you for your income-related monthly adjustment amount (IRMAA).

### Enrolling in other plans

If you decide to enroll in other plans, you will be disenrolled from your current plan. You can only be enrolled in one Medicare Advantage plan. If your spouse has Medicare Advantage coverage through their former employer, determine what plan best fits your needs.

### Notifying your group sponsor

To ensure a smooth enrollment, make sure your group sponsor has your most up-to-date information and that it matches your Medicare beneficiary information.

### Matching Medicare Advantage (medical) coverage and Part D (prescription drug) coverage for members in group plans

If you are enrolled in a group Medicare Advantage plan, your Part D coverage must also be a group Part D plan. This is important because enrolling in a non-group Part D plan could result in termination of your enrollment in your group Medicare Advantage plan.

### About IRMAA and your income level

If your modified adjusted gross income on your IRS tax return from two years ago is above a certain limit, you must pay an income-related monthly adjustment amount (IRMAA) in addition to your monthly plan premium.

The Social Security Administration will contact you if you have to pay an IRMAA, which you must pay to them, not us.

### High-income surcharges

If you must pay a high-income surcharge on your Medicare Part B premium to the Social Security Administration, please be sure to do so to avoid a mandatory disenrollment.

---

I understand that the effective date of coverage is when I can begin using the plan services, and the Medicare Advantage plan will send me written notification of the effective date of my enrollment in the plan. I understand that this Medicare Advantage plan is offered under a contract with the Centers for Medicare & Medicaid Services (CMS) and CMS' review of its benefits. I understand that my coverage will come into effect only if this enrollment is approved by the plan and CMS.

I understand that I need to keep my Medicare Parts A & B. I must maintain my Medicare Part B insurance by continuing to pay the Part B premium, if applicable.

I understand that by enrolling in this Medicare Advantage plan, I will automatically be disenrolled by CMS from any other Medicare Advantage plan of which I am currently a member. **I can only be in one Medicare Advantage plan at a time.** It is my responsibility to inform you of any prescription drug coverage that I have or may get in the future.
